

PHARMAGYANAV 2022

REPORT ON TWO-DAY NATIONAL CONFERENCE

ON

“RECENT ADVANCES AND SUSTAINABILITY
IN PHARMACEUTICAL RESEARCH”

Date: 2nd and 3rd June, 2022

Organized By

Pratiksha Institute of Pharmaceutical Sciences

in collaboration with

Assam Science Society

&

Indian Pharmaceutical Association

INTRODUCTION

Pratiksha Institute of Pharmaceutical Sciences (PIPS) began the journey in the year 2018 under Pratiksha Educational Trust with the Vision of imparting top quality pharmacy education to the students with the ultimate goal of providing excellent platforms to create leaders and skilled researchers in this Sector.

PIPS organized a two-day National conference entitled "PHARMAGYANAV" on "RECENT ADVANCES AND SUSTAINABILITY IN PHARMACEUTICAL RESEARCH" on June 2nd and 3rd, 2022 in the seminar hall of PIPS. The seminar focused on new innovations in pharmaceutical research, exploring the scope and research orientation in the Pharmaceutical field, and providing the future prospects and challenges in Pharmaceutical research. On 2nd June, the program started at 10 am with Felicitation and the lamp lighting followed by Saraswati Bandana and a welcome speech by Prof.(Dr.) Satyendra Deka. The dignitaries on the Dias were Prof. (Dr.) Dibakar Deka, Prof.(Dr.) USN Murty, Prof.(Dr.) Suvakanta Dash, Mr. M.K. Hazarika, Prof.(Dr.) V.Gopal and Prof.(Dr.) Satyendra Deka.

AIM

The goal is to present several important principles in sustainable drug discovery that are safe and effective while also having minimal negative effects on the environment. This also entails using new drugs derived from natural sources sustainably, such as by using tissue culture technology rather than the original plants.

OBJECTIVES

- To explore new innovation in pharmaceutical research amongst students and researchers from different areas.
- To explore the scope and research orientation in Pharmaceutical field.
- To provide the future prospective and challenges in Pharmaceutical research.
- To gather the knowledge on importance of herbal technology and products.

SUB-THEMES

- Herbal Technology
- Polymer Science
- Recent development in Pharmaceutical
- Nutraceuticals

DAY 1

INAUGURATION CEREMONY

(02/06/2022)

Inaugural Session

The inaugural session began with a Saraswati Bandana. This was followed by inviting the dignitaries on to the dais and welcoming them with mementos. Formal inauguration of the programme was done with lighting the lamp by the dignitaries. Invited guests representing different Universities and colleges were also welcomed and facilitated.

Opening remarks and introduction of the programme was given by Prof. (Dr.) Satyendra Deka (Principal, Pratiksha Institute of Pharmaceutical Sciences). He highlighted the vision of imparting about the theme ,” Recent Advances and sustainability in pharmaceutical research” which provides an excellent opportunity for all the researchers and academicians to show their scientific work. He have discussed about the importance of research and its requirement for better development of our pharmaceutical field.

He welcomed the subject expert Prof.(Dr.) Dibakar Deka, Vice-Chancellor, Madhavdev University, Assam as the Chief Guest and Prof.(Dr.) USN Murty, Director, National Institute of Pharmaceutical Education and Research (NIPER), Guwahati as Guest of Honor. Additionally, he extended hospitality to all the research experts to the seminar.

He also expressed his warmed gratitude for the President, Dr. Pramod Kumar Sharma, Pratiksha Educational Trust for giving an opportunity to organize a conference on a theme, relevant to society need. All the invited guest, faculty members and interested students from different institution were addressed in the conference.

The whole Agenda of the seminar was discussed by Mrs. Ratnali Bania (Co

CHIEF GUEST

Prof.(Dr.) Dibakar Deka
Vice-Chancellor,
Madhavdev University, Assam

GUEST OF HONOUR

Prof.(Dr.) USN Murty
Director
NIPER, Guwahati, Assam

Prof. (Dr). Dibakar Deka gave the subjects' keynote address. He was a proponent of methodical planning and setting time-based, realistic goals, which calls for employing workable research techniques based on research methodologies that are appropriate for the nature of a research questions. He claims that the purpose of research is to describe, explain, predict, and control the observed phenomenon. He presented the results of his research and talked about the rules we should abide by when writing projects and how to properly implement them. He emphasised the importance of applying laboratory-level experiments to actual problems and working on them so that positive results can be seen.

Prof.(Dr). USN Murty discussed the seminar theme and stated that nowadays sustainable development meets the needs of the present without jeopardising future generations' ability to meet their own needs. He also talked about the major challenges of conducting research.

DAY 1

TECHNICAL SESSIONS
(02/06/2022)

Technical Session - 1

“Innovation in Pharma Research”

SPEAKER - 1

Prof. (Dr.) V. Gopal

Principal and Registrar Academic,
Mother Theresa Postgraduate and
Research Institute of Health
sciences.

MODERATOR

Dr. Chandrajit Dohutia

Associate Professor,
Pratiksha Institute
of Pharmaceutical Sciences,
Guwahati, Assam

In his opening remarks, Prof. (Dr.) V. Gopal gave a brief overview of a recent development in pharmaceutical research that could be used as a potent tool to advance the creation of products and solutions for the improvement of human health while also benefiting the involved industry entities. He gave us fresh insights into how a plant's morphology, like that of the walnut, can reveal information about its advantages. The edible portion of the walnut has a brain-like shape and is beneficial for memory because it contains vitamins B. He also discussed the influence of traditional beliefs and practices on health.

Technical Session - 2

“Industry Institute Interaction”

SPEAKER - 2

Mr . Biplab Mishra

AVP-Operation, Plan Head,
Ajanta Pharma Ltd,
Guwahati, Assam

MODERATOR

Dr. Rinchi Bora

Assistant Professor,
Pratiksha Institute
of Pharmaceutical Sciences,
Guwahati, Assam

Mr. Biplab Mishra emphasised the significance of "Industry-Institute-Interaction" and how it gives faculty members and students a platform to learn about the expectations of the industry regarding the skill sets needed for students. Students also will be able to see where their skills are lacking and will have the chance to improve them as a result.

Technical Session - 3

SPEAKER - 3

Prof.(Dr.) Suvakanta Dash,
Principal, Regional Institute of
Pharmaceutical Science &
Technology Agartala, Tripura

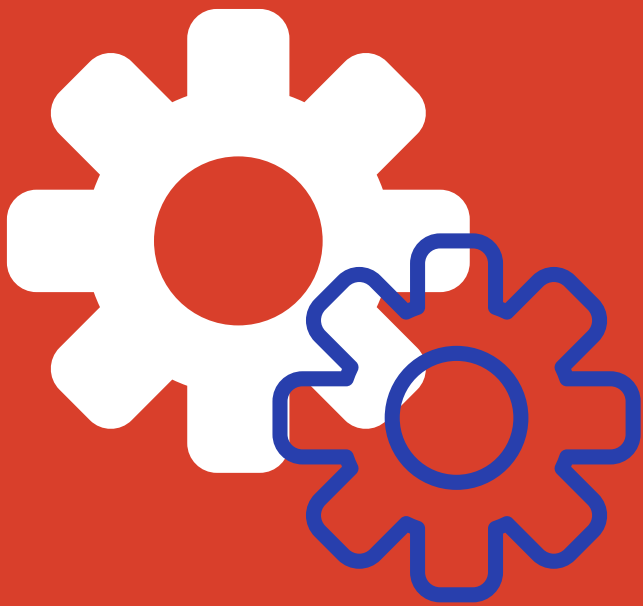

MODERATOR

Mr. Arup Chakraborty
Associate Professor,
Pratiksha Institute
of Pharmaceutical Sciences,
Guwahati, Assam

Prof (Dr.) Suvakanta Dash (Principal, Regional Institute Of Pharmaceutical Science and Technology, Agartala) delivers a lecture on the various important funding agency from which we can obtain funding for our research. He briefly discussed about the basic requirements for submitting the project proposal as well as the thrust area for application. His research interest was on Effect of Natural Sources on Bioavailability and Pharmacokinetics of Xenobiotics, Formulation and Evaluation of Novel Drug Delivery Systems, Screening of Natural sources as Disintegrants and Binders, Screening of natural sources as Immunostimulant and Anti HIV drug.

DAY 2

TECHNICAL SESSIONS
(03/06/2022)

Technical Session - 4

“Strategy for development multitargeted therapy from Indian system of medicine to treat metabolic syndrome”

SPEAKER - 4

Dr. Rajlakshmi Devi

Associate Professor,
Institute of Advanced study in
Science & Technology,
Guwahati, Assam

MODERATOR

Dr. Rinchi Bora

Assistant Professor,
Pratiksha Institute
of Pharmaceutical Sciences,
Guwahati, Assam

Dr. Rajlakshmi Devi who works on the development project at the institute of Advanced Study in Science & Technology in Guwahati, Assam, gave us an overview of some recent research, the findings, and the projects that are currently being worked in their lab. She has discussed about the Characterization of high value phytochemicals of anti-diabetic and immunomodulatory properties in North Eastern banana varieties and also discussed about the evaluation of antioxidant activity of sericin, a waste product of muga silk fibre of Assam. Her research interest was in medicinal plants, the free radicals for metabolic syndrome and Cardiovascular diseases where food was used as medicines.

Technical Session - 5

“Development of nutraceutical from North-East resources: A pilot Study”

SPEAKER - 5

Dr. Sanjay Kr. Banerjee

Dean cum Associate Professor
NIPER, Guwahati

MODERATOR

Dr. Chandrajit Dohutia

Associate Professor,
Pratiksha Institute
of Pharmaceutical Sciences,
Guwahati, Assam

The goal of Dr. Sanjay Kr. Banerjee's research is to find new targets and comprehend the molecular mechanisms underlying complex and long-lasting diseases like non-alcoholic fatty liver disease, diabetes, and cardiac hypertrophy. The goal of Dr. Banerjee's research team has been to determine how protein acetylation affects cellular processes like mitochondrial dynamics, ROS production, inflammation, and energy production. He talked about how some nutraceuticals were made from plants that were grown naturally and were good for babies. Additionally, his lab is working hard to examine vitamin D, plant-based products, and small molecules to test them in various models of cardio-metabolic disease.

Technical Session - 6

"Nanocellulose from bioresources as sustainable excipients for pharmaceutical industry"

SPEAKER - 6

Dr. Laldusanga Pachuau

Assistant Professor,
Dept. of Pharmaceutical Sciences,
Assam University, Assam

MODERATOR

Mr. Pratap Kalita

Assistant Professor,
Pratiksha Institute
of Pharmaceutical Sciences,
Guwahati, Assam,

Dr. Laldusanga Pachuau provided us with an overview of some recent studies, their findings, and the ongoing projects based on the application of nanocellulose as excipients for the pharmaceutical industry. He discussed the attention the Nanocellulose has received in recent decades due to its unique mechanical properties, low toxicity, biodegradability, and potential versatility to chemical modifications. The cytotoxicity and uptake mechanisms of these nanoparticles, biodegradation, drug binding, drug release mechanisms, and their conjugations to achieve specific targeting, as well as recent nanocellulose applications in several conventional dosage form developments were also discussed.

DAY 2

ORAL, POSTER AND E-POSTER
PRESENTATION
(03/06/2022)

The Oral presentation was conducted on 02/06/2022, the session was presented by the students, research scholar and faculty members of different institutions and it was evaluated by Prof.(Dr.) Suvakanta Dash and Dr. Chandrajit Dohutia. They highly appreciated their work.

Finally, the Poster session was held on the Fourth floor from 11:30 am onwards on 03/06/2022. In this, the posters were presented by the students of different institutions. it was evaluated by Dr. Saikat Sen, Dr. Lalduhsanga Pachuau, Dr. Atanu Bhattacharya and Dr. Biswajit Das. The points from each evaluator was tabulated to find out the best poster presentation for two categories i.e., for graduation and post-graduation level.

The e-poster was evaluated by Dr. Saikat Sen and Dr. Lalduhsanga Pachuau and the best e-poster was selected based on the information provided.

**PRIZE DISTRIBUTION
&
VALEDICTORY**

After the session was over, the program was wind-up with prize distribution for Best Oral presentation, Poster presentation, and e-poster presentation.

The program was wrapped up around 4:30 pm. The vote of thanks was given by Mr. Arup Chakraborty (Associate Professor).

More than 200 curious minds from other states participated in the two-day conference, including students, researchers, and academicians. The conference went off without a hitch over the course of two days and ended on time. All of the resource people were able to express their knowledge from their field of expertise in a very interesting and agreeable way to the audience, as evidenced by participant feedback. We hope that the participants of this conference were able to learn important information about the recent approaches in pharmaceutical research, which will help to raise awareness among the vulnerable society and enable us to participate in new initiatives.

APPENDICES

Appendix I

“PHARMAGYANAV” 2022

A National Conference
on
“RECENT ADVANCES AND
SUSTAINABILITY IN
PHARMACEUTICAL RESEARCH”

Organized by:

Pratiksha Institute of Pharmaceutical Sciences
On

2nd & 3rd June, 2022

In collaboration with

Assam Science Society

&

Indian Pharmaceutical Association

About us:

Pratiksha Institute of Pharmaceutical Sciences began the journey in the year 2018 under Pratiksha Educational Trust with the vision of imparting top quality pharmacy education to the student with the ultimate goal of providing excellent platform to create leaders and skilled researchers in this sector. We are happy to enlighten you that our Institute is organizing two days National Conference (PHARMAGYANAV, 2022) on the theme “Recent Advances and sustainability in pharmaceutical research” to provide an excellent opportunity for all the researchers and academicians to showcase their scientific work. Prominent Speakers are invited to share experiences, ideas and thoughts related to their specific fields. The conference also includes oral, poster and e-poster presentation.

We invite research/review paper for oral or poster presentation or e-poster presentation in major areas related to the theme of the conference.

Objectives:

- To explore new innovation in pharmaceutical research amongst students and researchers from different areas.
 - To explore the scope and research orientation in Pharmaceutical field.
 - To provide the future prospective and challenges in Pharmaceutical research.
 - To gather the knowledge on importance of herbal technology and products.
- With context to the above conference, we are looking forward for a mutually favorable and long lasting relationship with your esteemed organization.

Sub-Themes

- Herbal Technology
- Polymer Science
- Recent development in Pharmaceuticals
- Nutraceuticals
- Ayush
- Drug delivery technology

Chief Guest:

Dr. USN Murty
Director, National Institute of
Pharmaceutical Education &
Research (NIPER), Guwahati,
Assam.

Eminent Speakers:

Prof. (Dr.) Suvakanta Dash
Principal, Regional Institute of Pharmaceutical
Science & Technology (RIPSAT), Agartala,
Tripura, India

Prof. (Dr) V. Gopal
Principal & Registrar Academic, Mother
Theresa Post Graduate & Research Institute of
Health Sciences, Puducherry-6.

Dr. Lalduhsanga Pachuau
Assistant Professor, Dept. of Pharmaceutical
Sciences, Assam University, Silchar, Assam

Dr. Rajlakshmi Devi
Associate Professor, Institute of Advanced
Study in Science & Technology, Guwahati,
Assam

Mr. Biplab Mishra
AVP-Operation, Plant Head,
Ajanta Pharma Ltd, Guwahati, Assam

Dr. Sanjay Kr. Banerjee
Dean cum Associate Professor,
National Institute of Pharmaceutical Education
& Research (NIPER), Guwahati, Assam.

Committee Members:

Chief Patron:

Dr. P. K. Sharma,

Call for Abstracts:

PHARMAGYANAV-2022 invites the participants to submit their abstracts related to the themes and sub-themes of the conference. The abstracts must be

- Structured with Backgrounds, Methods, Results and Discussion.

- Title : Font 14, Bold, Times New Roman
- Name(s) and Affiliation of Author(s) : Font 12, Bold, Times New Roman
- It must not exceed 300 words in MS word
- Text : Font size 12, single spacing, Times New Roman
- The name of the presenting author should be marked with an asterisk (*).

Kindly send the Abstract to:

pipsesentfbo@gmail.com.

Last date for submission of Abstract on or before 28th May 2022

Acceptance /rejection of the abstracts : 30th May 2022.

Specifications for Poster presentation:

- Poster should be 1 m width and 1.4 m length
- The title, presenting author, corresponding author, address and contact information of corresponding author must be mentioned.
- The content of the poster must be visible from a distance of 2m.

Specifications for Oral / e-poster presentation:

- Maximum Number of slides : 08 (max)
- Duration of Presentation : (7+3) minutes
(Presentation – 7 min; Discussion – 3 min)

Important Dates:

Submission of Abstract: 28th May, 2022

Early Bird registrations: 29th May, 2022

Prizes & Awards

Best Presentation Award with Prize money will be awarded for all Category of Presentation

*Note: No Accommodation will be provided by Institute.

Co-Patron (s):

Mr. K. Goswami
Trustee, Pratiksha Educational Trust
Mr. M. C. Deka
President, Assam Pharmacy Council

Advisory board:

Prof. (Dr.) Dipak Chetia,
Professor, Dept. of Pharmaceutical Sciences, Dibrugarh
University, Dibrugarh, Assam
Prof. (Dr.) Rama Kant Sharma
Principal, Govt. Ayurvedic College, Gauhati, Assam
Dr. B.R Phukan
Academic Registrar, Assam Science & Technology
University, Guwahati, Assam
Prof. (Dr.) M. C. Kalita
President, Assam Science Society, Guwahati, Assam
Mrs. Sukirti Das,
Associate Professor, NIPS, Mirza, Kamrup, Assam
Dr. Indranil Chouda
Deputy Controller of Examination, Assam Science &
Technology University, Guwahati, Assam
Dr. Pulak Deb
Deputy Controller of Examination, Srimanta Sankaradeva
University of Health Sciences, Guwahati, Assam

Organizing Committee

Prof. (Dr.) Satyendra Deka, Principal, PIPS
Chairperson
Dr. Chandrajit Debotta, Associate Professor, PIPS
Mr. Arup Chakraborty, Associate Professor, PIPS
Secretary (s)
Mrs. Ratnali Bania, Assistant Professor, PIPS
Convener
Mr. Manas Jyoti Kapil, Assistant Professor, PIPS
Ms. Swabnam Khatuniar, Assistant Professor, PIPS
Mr. Pratap Kalita, Assistant Professor, PIPS
Ms. Daphisha Marhuniang, Assistant Professor, PIPS
Ms. Madhusmita Kumar, Assistant Professor, PIPS
Ms. Mayuri Phukan, Assistant Professor, PIPS
Co-convenor (s)
Mr. Ananta Saikia, Assistant Professor, PIPS
Mr. Satyush Sandilya, Assistant Professor, PIPS

Registration details:

Registration are based on first come first served basis. All participants are requested to fill in the online registration form and upload the transaction details. Spot registration will start from 8:30 am.

Registration form links:
