

## **PRATIKSHA INSTITUTE OF PHARMACEUTICAL SCIENCES**

(Under Pratiksha Educational Trust)

Chandrapur Road, Panikhaiti, Guwahati-26, Assam, India

### **INSTITUTIONAL PLACEMENT CELL**

Training and Placement is a crucial aspect of a developed institution. Pratiksha Institute of Pharmaceutical Sciences is dedicated to fostering dynamism, ethics, skills, and leadership qualities in all our students. Consequently, the Training and Placement Cell was established on January 2, 2019, in the presence of our respected Principal and faculty members. This cell's primary function is to devise strategies for student training and placement, aiming to secure suitable and lucrative positions in industry, research, and government sectors. Regular industry guidance will be sought to refine students' skills, enabling them to excel in their professional careers and meet the demands of an evolving world. The T & P Cell's role extends beyond placements, focusing on equipping students to tackle current challenges in industry, academia, and research by familiarizing them with market trends. Eminent experts from various pharmaceutical backgrounds will be regularly invited to share their experiences and knowledge, motivating students and making them aware of industry demands. We plan to organize continuous educational tours and industrial visits to provide students with practical exposure to working environments. The committee has been updated with new members added.

#### Core Committee Members:

1. Mrs. Tasrina Rahman Assistant Professor (*Training & Placement Officer*)
2. Mr. Arup Chakraborty, Associate Professor
3. Mr. Satyasish Sandilya, Associate Professor
4. Mr. Pratap Kalita, Associate Professor
5. Ms. Mayuri Phukan, Assistant Professor
